**Subject:** Re: Asbestos call - forwarded voicemail

I'm on a college visit and just saw your message. I have just spoken to (b) (6) and have more information from her. She has all my contact info and will send photos and pdf documents. We will pick up on this next week with Region 3 and MDEQ.

The job is wrapping up today so I think she wants someone on site today - which I'm fairly certain isn't possible but I was hoping you could get some info and provide her with info on what we can do?
